

Julian Minervini

FULL-STACK DESIGNER

Work Experience

AGENCY9 – PRINCIPAL UX & VISUAL DESIGNER

My primary task is designing the interface and experience of CityPlanner, a web application used for urban planning. I also define the CityPlanner brand – developing it's unique voice and style. Everything from product logos to interface icons are designed in harmony with marketing and publicity.

2014 – Present @ Stockholm, Sweden

SNÖGRAFX – OWNER & DESIGNER

Snögrafx is an independent web & design agency I founded in 2002. I have worn every hat in the organisation, including project management and the much hyped full stack of design and development skills.

2002 – 2012 @ Montréal, Canada

2012 – Present @ Stockholm, Sweden (Part Time)

LABRADOR RECORDS – DESIGNER & WEBSITE MANAGER

I have worked on websites, digital projects, and print design for the record label and it's esteemed stable of artists, including indie legends like The Radio Dept., Club 8, The Mary Onettes, Acid House Kings, The Legends, and more.

2013 – Present @ Stockholm, Sweden (Part Time)

LAKE COMO – WEB & DESIGN CONSULTANT

While working with Lake Como I designed and built custom websites, WordPress themes, shops, and plugins for clients as well as occasional print design jobs.

2013 @ Stockholm, Sweden

WIDESPACED – FRONT-END ARCHITECT

At Widespace I worked as a Senior Front-End Developer in the UI team on their internal website. My responsibilities included UX/UI design, advanced front and back-end website coding, project planning, digital design, plus English language copywriting.

2012 – 2013 @ Stockholm, Sweden
